From the Principal

Dear Bridger Families:

Summer vacation is rapidly approaching. When you receive this newsletter, we will have just seven short days of school left.

June 10th marks the ending of a bittersweet school year. We are sad to reach the end of a year in which a large number of our students (all of Creative Science) will be moving away. But, we are happy that Creative Science will be gaining a new building and establishing its long-sought goal—Creative Science School. Our best wishes go with parents, families and staff of Creative Science at their new location.

We are looking forward to 2008-2009 and growth of programs for all of us. Bridger's Spanish Immersion will be adding second grade in the fall. The Bridger Neighborhood program will be adding Eighth grade. It is exciting to contemplate the possibilities that accompany our future growth.

Before we say goodbye for the summer, don't forget to take one last look at Lost and Found—you may still be able to find your child's misplaced coat. Be sure to participate in all the year-end activities scheduled, including Field Day, the Year-End Barbeque, Volunteer Recognition, and PTA and Site Council meetings.

Have a wonderful summer,
Tina Daily, Principal

Notes from the

Music Room

As the year comes to a close I would like to take this opportunity to thank everyone who has helped to make our new music program a success. The teachers and administration who supported my initiatives and concerts by dedicating their own time and creativity, the parents who attended concerts and encouraged their children's involvement, and most of all the students themselves. Without their willing hard work and commitment we would not have been able to put on two very successful concerts.

As I reflect on our collective achievements I would like to compare our first year of music study to the establishment of a solid base-camp. The skills we have acquired this year will enable us to continue to climb to greater and greater musical heights. I hope everyone has a fun and restful summer, and I look forward to sharing more music with you in the fall.
